New York, NY 10065

Dear Ms. Kaufman:

On behalf of Good Shepherd Services, thank you for Temple Emanu-El's generous donation of a World Dinner experience for our participants in our 17th Street and Rose House programs. Our young people were captivated by all of the new sensations!

Our 17th Street and Rose House programs, as you may know, are two of our residential programs for young adults. These programs provide our youth who are in need of a place to call home with shelter and encouragement. Our residential programs serve to provide our participants with the tools necessary to prepare them for successful adulthood. Your donation of this worldly experience helped to expand the horizons of our young people and truly makes more than a difference than you know.

Once again, thank you to Temple Emanu-El for your generous donation to Good Shepherd Services. You have provided a one-of-a-kind experience for our young people that will not soon be forgotten!

Warm Regards,
