Dear Linda,

I would like to thank you very much for organizing the Tactile Board Mitzvah Project for Keren Or. When the boxes arrived we were quite overwhelmed with the incredible range of boards and objects. Lana called me as she was unpacking to come quickly and look. We couldn't believe the efforts you went to, not only with the boards, but also with the vibrant pink boxes and beanbags, the painted percussion rattles and all the great toys that are attached to the boards.

We have taken photos of the children using the boards and other toys, and I will mail them together with this letter so you will be able to see how much they love the sounds, textures and variety. It is always a dilemma finding suitable objects to stimulate the children in independent learning and play and you have actually supplied a huge variety, far more than we anticipated.

Thank you. For your efforts - but also for the wonderful feeling of togetherness that your gift brings. It is difficult to describe the pleasure of opening a package of gifts that has been so lovingly prepared and sent to our students.

Please pass on my thanks to everyone who was involved in the project.

With my warmest regards,

Tamara Silberberg
