1 East 65th Street
New York, NY 10065

Dear Rabbi Ehrlich,

The essence of Chanukah is to spread G-d's light to illuminate His world with pure goodness. The generous Chanukah care packages that you sent to Afghanistan is the personification of the Chanukah miracle – the good that prevailed.

I cannot begin to tell you how much your generous care packages have raised the morale of our Soldiers here in Afghanistan. Everyone who has received something from you has been smiling from ear to ear.

Deployed military and civilian personnel cannot do their jobs without the support and love of our fellow countrymen – and your personal contribution has made a tremendous difference for many Soldiers.

May G-d reward you for your generosity with His sweet blessings both in this world and the world to come.

Sincerely,

A handwritten signature in cursive script, reading "Moshe Lans", is written over a horizontal line.
