

Set the tone for your upcoming year by performing at least one special mitzvah each day from the start of Rosh Hashanah until Yom Kippur. Keep track of which mitzvah you performed on which day, and keep the list in a place where it will be seen all year. This should serve as a reminder to perform these sacred deeds all throughout the year. Have a great time performing all of your mitzvot! If for some reason you miss a day, don't despair... Just try not to miss two days in a row. Some examples of special mitzvot are provided.
