

Design your own Mask

Check out the fun selection of eye glasses, hats, lips, eyes, eye brows, beards and hair!

1. Color the parts with marker or crayons. You can add glitter, feathers, sequins, etc. for extra fun!
2. Cut out the parts and glue them to the blank mask. Be sure to cut out the eye holes, mouth opening and around the outline of the nose.
3. Punch holes were indicated by circles on the sides
4. Insert string through the holes and tie around your head OR insert rubber bands through the holes and loop over your ears.
